STUDENT | WEB DEVELOPER

Hello, I am currently pursuing Engineering from University Institute Of Technology, BHOPAL in computer Science. I really like to learn a lot of new things in my free time. I have primitive knowledge in HTML, CSS, Java Script, jQuery, Node, MongoDB, Git, GitHub and more. I love to explore new things and learn them.

EDUCATION

B.Tech. – University Institute of Technology, RGPV
2019 - Present
Computer Science & Engineering

High School – The Sharpage H. S. School
Stream – Mathematics

WORK EXPERIENCE

I am a self-learner i have been learning Web Development by myself through online learning platform and learn new things daily. I always try to explore new things and learn them. I done some Internship in this field and learn lot of things from them and get a change to work with great minds.
